

# GREAT INVEST ADVANTAGE

Greater flexibility and growth potential on your investments

# #Lifeproof your investment goals with greater flexibility

The key to making smarter investment decisions towards your wealth goals is having the flexibility on your investments and being able to diversify them to suit your investment appetite.

**GREAT Invest Advantage**, an investment-linked plan is the key solution that drives your investments harder. Choose to invest with a one-time premium or recurring premiums by tapping on a wide range of professionally managed funds to customise a portfolio that best meets your investment objectives.

Throughout the investment period, flexibility remains yours. Review and rebalance your portfolio according to market dynamics. Take the opportunity to top up your investment or make partial<sup>1</sup>, or even a full surrender<sup>2</sup> anytime<sup>3</sup> without any surrender charges.

Adding more value while you are investing with us, your plan comes with coverage against death and terminal illness without any medical assessment.

## Why should you consider this plan?

### Invest with cash or funds from your CPFIS or SRS the way you want

Start investing with as little as S\$100 a month with the option of a recurrent single premium (RSP) plan to accumulate smaller investments at regular intervals. Take advantage of minimised fluctuation risks while eliminating market timing uncertainties.

Or, optimise your investment with a minimum single premium contribution of S\$5,000 to enjoy a greater diversified portfolio for potentially higher returns.

### Customise your investment portfolio anytime

Grow your portfolio through our GreatLink Funds, a diverse range of professionally managed funds across different asset classes, industries and geographic regions.

### No lock-ins, cashflow is under your control

You can top up your investment amount to take advantage of positive market opportunities. Or, you can make partial<sup>1</sup> or full surrender<sup>2</sup> of the portfolio according to your needs without any surrender charges.

<sup>1</sup> For partial surrender, the minimum value of units to be cancelled and the value of remaining units in each Fund after the partial surrender should be at least S\$500.

<sup>2</sup> All partially or fully surrendered amounts will be returned to the source of the original premium payment. Cash payments will be made to you while funds from your CPF Investment Scheme (CPFIS) account or Supplementary Retirement Scheme (SRS) account will be returned to the respective accounts.

<sup>3</sup> Provided the Account Value is positive.

## Notes and Disclaimers

This advertisement has not been reviewed by the Monetary Authority of Singapore.

The above is for general information only. It is not a contract of insurance. The precise terms and conditions of this insurance plan are specified in the policy contract.

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

Investments in this plan are subject to investment risks including the possible loss of the principal amount invested. The value of the units in the fund(s) and the income accruing to the units, if any, may fall or rise. Please refer to fund details and Product Highlights Sheet for the specific risks of the fund(s).
