Your premiums (after deducting the applicable premium charge) are used to purchase units of the funds which you have selected.

Fees and charges

Types of fees and charges

(a) Premium charge

We will deduct a premium charge from each payment of the premium and investment top-up you pay. The premium charge is a percentage of each payment of the premium or investment top-up (up to 3% as at the policy start date), as shown in the product quotation for recurrent single premium and single premium or policy illustration for regular premium. After the policy start date, if you wish to change the percentage of the premium charge (up to a maximum of 5%), you must request this through your financial representative.

(b) Wrap fee

We will deduct the monthly wrap fee from the total investment value (in proportion to the investment value in each fund as at the date of the deduction) by selling units of an equivalent value to the fee. The wrap fee is a percentage of the total investment value (up to a maximum of 1.5% p.a. as at the policy start date), as shown in the product quotation.

The first wrap fee will be due 1 month after the policy start date and each month after that. After the policy start date, if you wish to change the percentage of the wrap fee (up to a maximum of 2% p.a. of the total investment value), you must request this through your financial representative.

(c) Switching fee

There is currently no switching fee if you decide to switch units. We may impose a switching fee or vary the imposed switching fee at any time by giving you at least 1 month's notice.

(d) Policy fee

We will deduct a policy fee of 0.2% p.a. from the total investment value (in proportion to the investment value in each fund as at the date of the deduction) on a monthly basis by selling units of an equivalent value to the fee. The first policy fee will be due on the policy start date and each month after that. We may change the policy fee from time to time by giving you at least 1 month's notice.

We may also introduce new fees and charges at any time by giving you at least 1 month's notice.

Flexible options

Investment top-ups

You may make investment top-up(s) to your policy after the inception of your policy, subject to the following conditions:

- each investment top-up is at least S\$500; and
- the minimum amount apportioned to each fund is S\$200.

The maximum amount of each investment top-up should not exceed the maximum amount which is stipulated by us from time to time, and is subject to financial underwriting.

Product Summary Prestige Portfolio

Please keep this copy for reference.

A premium charge will be deducted from each payment of investment top-up and the remaining amount will be apportioned to your selected fund(s).

We reserve the right not to accept the investment top-up or to subject the life assured to financial underwriting before our acceptance of the investment top-up and to such other terms and conditions as we may impose.

Varying of premium

You may increase or reduce your regular premium or recurrent single premium amount, subject to the prevailing minimum and maximum premium limits.

This is not applicable if you are paying single premium.

Changing premium apportionment rates

As your preference for risk and returns may change over time, you may change the premium apportionment of your regular premiums or recurrent single premiums into the available fund(s) at any time at no charge. After the request is accepted by us, the new premium apportionment will apply to all future regular premiums or recurrent single premiums.

This is not applicable if you are paying single premium.

Fund switching

You can request to switch all or any of the units of one fund to other fund(s) available in the policy.

For any fund switch,

- the minimum value of units for each fund switch is S\$1,000; and
- the minimum value of units remaining in the original fund after the switch is S\$1,000.

The stated minimum value may be revised by us from time to time.

When we receive your request to switch units, we will first sell the units in the original fund on the dealing day of the original fund. Once we have received the proceeds of the sold units, we will buy units in the new fund(s) on the dealing day of the new fund(s).

Partial Withdrawal of funds

You may apply to make a partial withdrawal from the total investment value by specifying the number of units in the fund(s) to be sold from the funds which you have selected.

For any partial withdrawal,

- the minimum value of units to be sold from a fund is S\$1,000; and
- the minimum value of units remaining in the relevant funds after the withdrawal is S\$1,000.

The stated minimum value may be revised by us from time to time.

The basic sum assured will be reduced after each withdrawal (applicable for only recurrent single premium and single premium), subject to the minimum basic sum assured which we may revise from time to time. The minimum basic sum assured is currently S\$1,000.

If you have used funds from your Supplementary Retirement Scheme (SRS) account to buy this plan (applicable for only recurrent single premium and single premium), the amount you have partially withdrawn will be returned to your SRS account.

Surrender

You may surrender your policy for its total investment value at any time, subject to any other terms and conditions that we may impose.

Upon surrender, the policy will terminate. If you have used funds from your Supplementary Retirement Scheme (SRS) account to buy this plan (applicable for only recurrent single premium and single premium), the amount you have surrendered will be returned to your SRS account.

What is the effect of early surrender?

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

Please see the table of deductions in the policy illustration (applicable for only regular premium) for the possible cost of surrendering the plan early.

When will you not receive the benefits of this plan?

There are certain situations where we will not pay the benefits under this plan. These conditions are stated in the policy contract.

We will not pay the death benefit if the life assured dies due to suicide, while sane or insane, or any pre-existing condition, within 12 months from the date we issue the policy or from the date of any reinstatement of the policy. - Prospectus;
- Product Highlights Sheet;

Product Summary Prestige Portfolio

Please keep this copy for reference.

- Provider's Factsheet;
- Annual and Semi Annual Reports; and
- Performance charts.

Please note that every fund or combination of funds has its own investment objectives, horizon, liquidity, and level of risk. You are advised to select fund(s) that commensurate with your risk profile, individual needs and preferences.

Obtaining fund prices

The unit prices are available on our website and/or in any other way which we may decide from time to time.

All published and quoted prices may not represent the actual unit prices on the date of publication or quotation depending on the pricing basis adopted by each fund. The unit prices are determined on a forward pricing basis, unless otherwise mentioned in the prospectus or any of the other constitutional documents of the fund which may be obtained from our website and/or in any other way which we decide from time to time.

We may from time to time change our website address and/or other ways of providing the unit prices and the prospectus or any of the other constitutional documents of the fund, without prior notice to you.

Fees and charges on the funds

Fund managers will deduct a fund management charge, custodian and trustee fee (where applicable) from the fund value at each asset valuation, before setting the unit prices. These charges are a percentage per year of the value of each fund.

Please refer to the fund prospectus and product highlights sheet (enclosed separately by your financial representative) for the fund(s) selected. The fund prospectus and product highlights sheet can also be downloaded from our website.

Fund managers may change these charges and fees from time to time, but they will not be more than the maximum amounts indicated in the relevant fund documentation (if any). Such changes shall be updated in the relevant fund documentation.

Fund transactions

Purchase/ sale of units in funds

All fund transactions for your policy will be done via the purchase and sale of units in your selected funds, based on the respective unit prices of those funds.

(a) Pricing basis

In general, the unit price of a unit is calculated on a forward and single-pricing basis unless otherwise stated in the prospectus or any of the other constitutional documents of that fund.

The unit price of each fund under the policy when purchased or sold will depend on the unit price prevailing at the time of the sale or purchase of the relevant units and is determined subject to the unique dealing day of each fund and to the relevant fund prospectus or other fund documentation. Published and quoted prices may not represent the actual unit prices on the date of publication or quotation depending on the pricing basis adopted by each fund.

(b) Dealing deadline

The dealing deadline is 12 noon Singapore time on each dealing day. If we decide to revise the dealing deadline, we will give you at least 1 month's notice.

For us to process your instruction on the same dealing day, we must receive your instructions by the dealing deadline. If we receive your instructions after the dealing deadline, your instructions will be deemed to have been received by us on the next dealing day.

As the unit prices of the funds may be in currencies other than the Singapore dollar, we will convert the unit prices of these funds into Singapore dollars, at an exchange rate which we will decide, before buying or selling the units.

(c) Purchase of units

After deducting the premium charge, we will apportion the remaining amount of your premiums or investment top-ups to buy units in the funds of your choice. We will purchase the number of units in each fund of your choice, based on the relevant unit price at the dealing day.

Numerical example of how units are purchased after the deduction of the premium charge:

Premium	=	S\$1,000
Premium charge	=	1%
Notional bid price	=	S\$1.000
Number of new units purchased	=	$\frac{\text{Premium} \times (100\% - \text{Premium charge})}{\text{Bid price}}$
	=	$\frac{\text{S\$990}}{\text{S\$1.000}}$
	=	990 units

Above example is for illustrative purpose and does not denote the minimum premium allowed.

(d) Sale of units

You may sell some or all units in the fund(s) that you have at any time (partial withdrawal or surrender). We will sell the number of units in each fund of your choice, based on the relevant unit price at the dealing day.

Numerical example of how withdrawal proceeds are calculated:

Withdrawal amount	=	1,000 units
Notional bid price	=	S\$1.00
Amount of units sold	=	Units to be sold x Bid price
	=	1,000 x S\$1.00
	=	S\$1,000

(e) Payment of proceeds

We expect to make all withdrawal payments to you within 3 working days of receiving the proceeds from selling the last relevant fund from the relevant fund or fund manager (as the case may be). The time taken to make the payments relating to an individual fund depends on the terms set out in the relevant prospectus and product highlights sheet of the fund.

The sale and/or purchase of units in any fund will be subject to the minimum requirements set out in the prospectus and other constitutional documents of such fund and we reserve the right not to sell or purchase the relevant units if the minimum requirements are not met.

Suspension of dealings

We may suspend dealings (delay selling or buying units in a fund) if it is necessary for any purpose, under any of the following circumstances:

- (a) any period when any stock exchange, commodities exchange, futures exchange, over-the counter market on which any assets forming part of the funds for the time being are quoted, traded, listed or dealt in is closed (otherwise than for non-business days) or during which dealings are restricted or suspended;
- (b) the existence of any state of affairs which, in our opinion, might seriously prejudice the interests of the policyholders holding similar policies as a whole or of any of the funds;
- (c) any breakdown in the means of communication normally employed in determining the price of a unit of any of such funds or when for any reason the prices of any of such units in any fund cannot be promptly and accurately ascertained;
- (d) any period when remittance of money which will or may be involved in the realisation of such funds or in the payment for such funds cannot, in our opinion, be carried out at normal rates of exchange;
- (e) any period when dealing of units in any or all of the funds is suspended pursuant to any order or direction of the Monetary Authority of Singapore or any other regulatory authorities;
- (f) any period during which purchase and sale of units in a fund are suspended as provided for in the prospectus and constitutional documents of a fund; or
- (g) any period when our business operations in relation to the operation of the funds are substantially interrupted or closed as a result of or arising from any circumstances beyond our control including but not limited to, an act of God, fire, flood, earthquake, typhoon or other natural disaster, pestilence, war, invasion, act of foreign enemy, hostilities (whether war declared or not), terrorism, insurrection, revolution, civil unrest, riot, strike, labour dispute, nationalisation, sanction, embargo, epidemic, pandemic, quarantine, directive of government or regulatory authority, or interruption or failure of utility service (including but not limited to, electric power, gas, water, broadband, or telecommunication service).

We will not be liable for any damages, costs or losses you suffer as a result of us suspending dealings because of the circumstances listed above.

What happens if you surrender your policy early?

If you surrender your policy after the free-look period, you may lose part or all of the premiums paid. This is because the surrender value, if any, that is payable to you may be zero or less than the total premiums paid.

Buying a new policy may mean we need to reassess the life assured's health and circumstances and may result in higher premiums and/or benefit exclusions due to the age and health status.

What happens if you do not pay your premiums on time?

If you do not pay your regular premiums or recurrent single premiums on time, your policy may lapse if the total investment value falls to zero or below zero at any time.

If the total investment value is sufficient to cover applicable premiums, fees and/or charges due, we will deduct from the total investment value by selling units of an equivalent value to cover such amounts.

If the total investment value is insufficient to cover applicable premiums, fees and/or charges, we will deduct from the total investment value by selling units of an equivalent value to cover such amounts until the total investment value falls to zero, and we will provide pro-rated insurance cover for the period for which deductions from the total investment value can be made. After this, the policy will terminate.

What happens if your policy lapses?

There will be no death benefit and accidental death benefit payable if your policy lapses.

What are the risks that we will refuse your claim?

The claim must meet the terms of the events as shown in the policy contract before we can approve a claim.

You are advised to read the policy contract for the exact definitions, terms and conditions and full list of exclusions.

When will your policy terminate?

Your policy will terminate when any of the following occurs:

- when the life assured dies;
- in the event of cancellation of the policy in exercise of your right of free-look;
- you surrender of your policy;
- total investment value falls to zero or below zero; or
- upon removal or closure of all funds available in this policy.

You are advised to read the policy contract for the detailed terms and conditions.
