

PRODUCT SUMMARY TM TERM Assure (II)

In this Product Summary, “we”, “us”, “our” refer to Tokio Marine Life Insurance Singapore Ltd.

Plan Description

TM Term Assure (II) is a regular premium level term plan that provides coverage against death and terminal illness. This is a non-participating plan and has no surrender value.

TM Term Assure (II) is available for coverage terms of:

- (a) 5 or 10 years (with guaranteed renewal privilege); and
- (b) 11 years to coverage term up to age 85 next birthday.

This plan is available in 4 currencies: SGD, USD, AUD and GBP.

Plan Benefit

Death Benefit

If the life assured dies while TM Term Assure (II) (“basic plan”) is in force, we will pay the sum assured of TM Term Assure (II) (“Basic Sum Assured”), less any indebtedness.

Terminal Illness (TI) Benefit

If the life assured is diagnosed with TI while the basic plan is in force, we will pay the death benefit up to the TI Limit. Any amount in excess of the TI Limit will be payable on subsequent insured event(s).

Payment of the TI benefit reduces the Basic Sum Assured. If the Basic Sum Assured is reduced to zero, the policy benefit is considered paid in full and the policy terminates thereafter.

TI Limit

The maximum TI benefit payable, inclusive of all other policies issued by us on the same life is SGD4,500,000. For policies issued in other currencies, a conversion rate as determined by us will apply for the purpose of aggregation.

Definition of TI

TI means the conclusive diagnosis of an illness that is expected to result in the death of the life assured within 12 months. This diagnosis must be supported by a specialist and confirmed by our appointed medical practitioner. TI in the presence of Human Immunodeficiency Virus (HIV) infection is excluded.

Conversion Privilege

The conversion privilege allows you to convert the basic plan into any Singapore dollar denominated regular premium whole life or endowment plan (“New Basic Plan”) without further medical evidence of the life assured.

Conversion of the basic plan is subject to the following conditions:

- (a) the basic plan is in force at the time of conversion;
- (b) all the premiums due under the basic plan have been paid;
- (c) the coverage amount of the New Basic Plan must not exceed the Basic Sum Assured at the point of conversion, otherwise the amount in excess will be subject to underwriting (if basic plan is issued in currency other than Singapore dollar, a conversion rate as determined by us will apply to the Basic Sum Assured for such conversion);
- (d) the New Basic Plan covers insured events similar to the basic plan (in the event of any ambiguity, TMLS reserves the right to determine whether events are similar);
- (e) the conversion takes place before the policy anniversary on which the life assured is age 60 next birthday; and
- (f) we receive and accept payment of the required premium for the New Basic Plan.

You may choose to convert the full Basic Sum Assured or an amount less than the Basic Sum Assured, subject to the remaining sum assured satisfying the minimum sum assured for the basic plan. The premium payable for the remaining sum assured of the basic plan must satisfy the minimum premium requirement.

To exercise the conversion privilege, you must submit a written request to us. Such conversion will take effect on the next premium due date of the existing basic plan. No refund of premium shall be made for any unexpired period of cover if you choose to convert before the next premium due date.

The same terms and conditions of acceptance of the basic plan shall continue to be applicable on the New Basic Plan, i.e. if the basic plan is issued or reinstated on non-standard terms, the New Basic Plan will also be issued on non-standard terms.

Guaranteed Renewal Privilege

This is only applicable if you have opted for a 5 or 10* years coverage term for TM Term Assure (II).

At the expiry of each coverage term, the basic plan will be renewed without further medical evidence of the life assured for the same coverage period and Basic Sum Assured.

Renewability is subject to the following conditions:

- (a) the basic plan is in force at the end of each coverage term;
- (b) we receive the required renewal premium for the basic plan before the expiry of each coverage term; and
- (c) the life assured’s age next birthday at the point of renewal has not exceeded the last renewal age as set out in the table below.

Coverage Term	Last Renewal Age Next Birthday
5 Years	80

The premium rate at each renewal is not guaranteed and will be based on the prevailing premium rate at the attained age next birthday of the life assured. The premium will remain level and guaranteed throughout each renewed coverage term.

The same terms and conditions of acceptance of the basic plan shall continue to be applicable at the point of each renewal, i.e. if the basic plan is issued or reinstated on non-standard terms, the basic plan will also be renewed on non-standard terms.

The same terms and conditions of acceptance of the basic plan will continue to be applicable on the GIAI Insurance, i.e. if the basic plan is issued or reinstated on non-standard terms, the GIAI Insurance will also be issued on non-standard terms.

[^] The Life Insurance Association Singapore (LIA) has standard Definitions for 37 severe-stage Critical Illnesses (Version 2019). These Critical Illnesses fall under Version 2019. You may refer to www.lia.org.sg for the standard Definitions (Version 2019). For Critical Illnesses that do not fall under Version 2019, the definitions are determined by the insurance company.

The 37 severe-stage Critical Illnesses (Version 2019) includes Terminal Illness which is covered under the basic plan to which this CI Rider is attached.

If the life assured is diagnosed with more than one (1) of the covered critical illnesses while this CI Rider is in force, whether at the same time or at different time, the total CI Benefit payable under this CI Rider will not exceed 100% of this CI Rider sum assured.

Any payment of the CI Benefit reduces the sum assured of the basic plan. If the sum assured of the basic plan is reduced to zero, the policy benefit is considered paid in full and the policy terminates thereafter.

The maximum CI Benefit payable, inclusive of all other policies issued by us on the same life is SGD2,500,000. For policies issued in other currencies, a conversion rate as determined by us will apply for the aggregation of such CI benefit.

Conversion Privilege

If you exercise the Conversion Privilege of the basic plan, you may convert this CI Rider to a CI benefit (“New CI Benefit”) made available to the New Basic Plan without further medical evidence of the life assured.

Conversion of the CI Rider is subject to the following conditions:

- (a) the CI Rider is in force at the time of conversion;
- (b) the coverage amount of the New CI Benefit shall not exceed the CI Rider sum assured at the point of conversion, otherwise, the amount in excess will be subject to underwriting (if this CI Rider is issued in currency other than Singapore dollar, a conversion rate as determined by TMLS will apply to the CI Rider sum assured for such conversion);

- (f) TMLS receives and accepts payment of the required premium for the New CI Benefit; and
- (g) no Critical Illness Benefit claim, other than Angioplasty and Other Invasive Treatment for Coronary Artery, has been admitted under this CI Rider.

Conversion of this CI Rider must be made together with the conversion of the basic plan to which it is attached.

You may choose to convert the full CI Rider sum assured or an amount less than the CI Rider sum assured, subject to the remaining sum assured satisfying the minimum sum assured required for CI Rider.

To exercise the conversion privilege, you must submit a written request to us. Such conversion will take effect on the next premium due date of the existing CI Rider. No refund of premium shall be made for any unexpired period of cover if you choose to convert before the next premium due date.

The same terms and conditions of acceptance of the CI Rider will continue to be applicable on the New CI Benefit, i.e if the CI Rider is issued or reinstated on non-standard terms, the New CI benefit will also be issued on non-standard terms.

Notwithstanding that there may not be exclusion(s) expressly listed under the New Basic Plan or New CI Benefit, in the event that there are any prior claims relating to the illnesses or procedures admitted under this CI Rider, such illnesses or procedures shall not be covered under the New Basic Plan or New CI Benefit.

Guaranteed Renewal Privilege

This is only applicable if you have opted for a 5 or 10 years coverage term for the basic plan.

If you exercise the Guaranteed Renewal Privilege of the basic plan to which this CI Rider is attached to, this CI Rider will be renewed together with the basic plan, without further medical evidence of the life assured, at the coverage expiry date of this CI Rider.

The premium rate for the CI Rider at each renewal is not guaranteed and will be based on the prevailing premium rate at the attained age next birthday of the life assured.

The same terms and conditions of acceptance of this CI Rider will continue to be applicable at the point of each renewal, i.e if the CI Rider is issued or reinstated on non-standard terms, the CI Rider will also be renewed on non-standard terms.

The renewal of this CI Rider must be made together with the renewal of the basic plan to which it is attached.

Guaranteed Insurability for Additional Insurance (“GIAI”) Option

While this CI Rider is in force, if you choose to exercise the GIAI Option of the basic plan to which this CI Rider is attached to, you are granted an option to purchase a new CI benefit (“GIAI CI”) made available to the new insurance policy (“GIAI Insurance”) at our discretion, on the life assured’s life, without further medical evidence of the life assured.
