Product Description

ManuInvest Duo is a regular-premium investment-linked plan that is designed to give you the dual benefits of insurance cover and investment opportunities. It also gives you the flexibility to choose your own protection coverage and premium amount to meet your financial goals.

100% of the basic premiums paid will be used to invest into one or more fund(s) of your choice. The unit value of the policy reflects the premium allocation, bonuses, investment performance of the fund(s) it is invested in. The charges levied are funded through the cancellation of units.

Depending on your preference on commitment period, you can select from 10 years, 15 years or 20 years Minimum Investment Period ("MIP") for ManuInvest Duo. After policy inception, the MIP cannot be changed.

MIP refers to the period of time starting from policy inception whereby:

- (i) a premium shortfall charge will apply if you miss any regular premium payment when it is due and payable;
- (ii) a partial withdrawal charge will apply if you make any partial withdrawal from the policy; and/or
- (iii) a surrender charge will apply if you fully surrender the policy.

Every investment-linked product/fund or combination of funds has its own characteristics including investment horizon, liquidity, and level of risk and you may consider some to be more appropriate to satisfy your individual needs and preferences.

Note:

"You" and "your" relates to the policy owner. For a single-life policy, the life insured will also be the policy owner.

"Fund(s)" refers to the ILP sub-fund(s) available for investment under ManuInvest Duo.

"Account value" refers to the total value of all your fund(s).

"Policy anniversary" refers to the anniversary of the first premium due date of this policy.

1. Death Benefit

If the life insured dies during the policy term, we will pay the higher of:

- (a) sum insured less any partial withdrawals; or

Our calculation, and the subsequent determination of the final values, shall be final and binding. If charges are deducted from your account at any time before the date of death claim notification, we will not make any refund of such charges to you.

Minimum Investment Period		
10 Years	15 Years	20 Years
S\$3,600 per annum	S\$2,400 per annum	S\$1,800 per annum

6. Premium Allocation

We use 100% of your regular basic premium paid to buy units at the unit price in the fund(s) that you have chosen.

7. Bonuses

There are two types of bonuses that we pay if you meet the relevant requirements:

- Welcome Bonus; and
- Loyalty Bonus

A. Welcome Bonus

We will give you a Welcome Bonus which is calculated as a percentage of the first 12 months regular basic premiums paid, excluding top-up premiums. This bonus will be converted into additional units according to your pre-specified basic premiums allocation upon each receipt of regular basic premium in respect of the first 12 months from the first premium due date of your policy.

Welcome Bonus rate for each MIP option will be based on the table below:

Sum Insured Multiple	Minimum Investment Period					
	10 years		15 years		20 years	
	S\$3,600 to less than S\$12,000	S\$12,000 or above	S\$2,400 to less than S\$12,000	S\$12,000 or above	S\$1,800 to less than S\$12,000	S\$12,000 or above
10x – 14.99x	5%	30%	n/a	n/a	n/a	n/a
15x – 19.99x	5%	30%	20%	45%	n/a	n/a
20x – 29.99x	9%	34%	24%	49%	40%	65%
30x – 39.99x	13%	38%	28%	53%	44%	69%
40x – 49.99x	17%	42%	32%	57%	48%	73%
50x – 100x	21%	46%	36%	61%	52%	80%

For the purpose of calculating the Welcome Bonus, the sum insured multiple as shown in the above table is derived from the sum insured as at the policy issue date divided by the annualised basic premium.

B. Loyalty Bonus

We will give you Loyalty Bonus during the policy term starting from the 6th policy anniversary and every policy anniversary thereafter.

The Loyalty Bonus is a percentage of your account value and will be paid out in one payment on your policy anniversary, in the form of additional units on a proportional basis according to your pre-specified basic premiums allocation.

Loyalty Bonus rate for each Minimum Investment Period option will be based on the table below:

Loyalty Bonus	Minimum Investment Period		
	10 Years	15 Years	20 Years
7 th policy year until the end of Minimum Investment Period	0.10%	0.20%	0.30%
After the end of Minimum Investment Period	0.20%	0.50%	0.80%

To qualify for the Loyalty Bonus, the policy must satisfy both the following criteria:

- i. Policy is in force at the point of bonus payment;
- ii. No withdrawals in the preceding 12 months from the Loyalty Bonus declaration date.

If you fail to be eligible for a Loyalty Bonus, you can still qualify for subsequent Loyalty Bonuses as long as the 2 criteria are met.

Fees and Charges

1. Cost of Insurance

The cost of insurance is levied on the policy on a monthly basis by cancelling units of your fund(s) to provide for the insurance coverage. The cost of insurance is based on the attained age, gender, smoking status, insurance rating of the life insured, as well as the net amount at risk (NAAR). Details of NAAR are described below:

A. Death, Terminal Illness and TPD Benefit

Charged from start of policy, with NAAR being:

- [sum insured – any partial withdrawals], less Account Value

In the event that NAAR is lesser than or equals to zero, no cost of insurance will be imposed.

2. Administrative Charge

An administrative charge is applicable to the account value and will be imposed and charged through cancellation of units from the fund(s). Administrative charge will apply over the duration of the policy term and will be charged monthly. The administrative charge structure will be based on the table below:

Policy Year 1 – Policy Year 5	Policy Year 6 onwards
5.0% per annum	1.0% per annum

We reserve the right to change the administrative charge by giving 30 days' advance written notice.

3. Surrender Charge

Surrender charge applies if you request for full surrender during the Minimum Investment Period. The surrender charge will be deducted from the sale redemption proceeds.

It will be calculated as a percentage of the account value that you requested to be fully withdrawn by using the following formula:

Surrender charge percentage X Units surrendered X Unit price of the respective fund(s)

The surrender charge percentage shall be in accordance with the surrender charge table below:

Policy Year	Minimum Investment Period		
	10 Years	15 Years	20 Years
1	100%	100%	100%
2	100%	100%	100%

18	n/a	n/a	10%
19	n/a	n/a	9%
20	n/a	n/a	8%

4. Partial Withdrawal Charge

Partial withdrawal charge applies if you request for partial withdrawal during the Minimum Investment Period. It will be calculated as a percentage of the account value that you requested to partially withdraw, subjected to any applicable withdrawal limits, by using the following formula:

Partial withdrawal charge percentage X Number of Unit(s) of specified fund(s) X Unit Price of specified fund(s)

The partial withdrawal charge percentage shall be in accordance with the partial withdrawal charge table below:

Policy Year	Minimum Investment Period		
	10 Years	15 Years	20 Years
1	100%	100%	100%
2	100%	100%	100%

19	n/a	n/a	9%
20	n/a	n/a	8%

If we accept your application for partial withdrawal, we will sell the existing unit(s) of your fund(s) which you have instructed us to withdraw from at the unit price on the day we sell the fund(s). The partial withdrawal charge will then be deducted from the sale redemption proceeds.

After the 5th policy anniversary until the end of Minimum Investment Period, we will charge a fee of S\$50 per partial withdrawal, as long as the aggregated partial withdrawal amount made in each policy year does not exceed 20% of the immediately preceding policy year's total (i) basic premium and (ii) top-up premiums paid to this policy ("withdrawal flexibility amount"). However, if the partial withdrawal charge amount is less than S\$50, we will charge the partial withdrawal charge instead.

Any partial withdrawal amount in excess of the withdrawal flexibility amount will be subject to the partial withdrawal charge.

5. Premium Shortfall Charge

If you miss paying regular basic premium during the Minimum Investment Period, we will apply a premium shortfall charge on a monthly basis starting from the first working day after the end of the grace period of the missed premium. We will apply this charge every month until the next premium is due or when you resume payment of premium as stated in the policy contract or until the end of the Minimum Investment Period, whichever is earlier. The premium shortfall charge is imposed through selling units of the fund(s).

Any premium paying supplementary benefit attached to this basic plan will lapse when you miss paying your regular premium.

We will not impose the premium shortfall charge when Premium Flexibility Benefit is activated. Please refer to Section 6 of "Policy Options" for further details on Premium Flexibility Benefit.

The formula to calculate the charge amount is:

$$(X\% \times P) / 12 \text{ months}$$

Where X% is the premium shortfall charge rate in the prevailing policy year during which the premium shortfall charge is imposed.

P is the amount of annualized basic premium.

The applicable percentage shall be in accordance with the Premium Shortfall Charge table below:

6. Management Charge

You can refer to the respective schedules in the relevant fund summaries for details. Management charges are payable from the assets of the fund(s) that this policy invests in and are deducted during daily pricing of the respective fund(s). As such, unit prices of fund(s) are net of this charge at all times.

The relevant fund manager reserves the right to increase the charges. We will give you written notice of such change(s) in accordance with applicable laws and regulations.

Policy Options

1. Vary Regular Premium

You can choose to increase or decrease your regular basic premium after the end of Minimum Investment Period. Choice of revised basic premium is subjected to the minimum and maximum limits allowable. Increase in basic premium will not change the sum insured of the policy.

Varying of regular basic premium is not allowed during the Minimum Investment Period.

2. Top-up Premium

Top-up premium is any premium received outside of a regular basic premium and is allowed during the policy term, subject to our approval and the maximum entry age allowable at the point of application.

100% of the top-up premium (after deducting any top-up charge) will be used to purchase the fund(s) of your choice. The prevailing top-up charge is 0%. However, we reserve the right to vary the charge and will give you at least thirty (30) days' advance written notice if we intend to do so.

The minimum top-up premium is \$500 per fund.

Top-up premium will not increase the sum insured. Medical underwriting is not applicable but financial underwriting may be required.

Top-up premium forms part of the account value of this policy and any partial withdrawal or full surrender will be subject to partial withdrawal charge or surrender charge during the Minimum Investment Period.

Top-up premium can qualify for Loyalty Bonus as part of the account value; subject to Loyalty Bonus qualification conditions.

3. Fund Switching

You are entitled to an unlimited number of free fund switches during the policy term. Fund switch is based on the unit price at the time the switch is carried out.

The minimum amount for each fund switch is \$500. If the account value of each fund is lower than \$500 at the point of request, you must switch all the units out of this fund(s).

We reserve the right to vary, from time to time, the minimum amount that you can switch out of a fund(s) in respect of any new fund switch application.

4. Premium Redirection

You may request in writing to re-direct your future regular basic premiums into other fund(s) of your choice without affecting the units in your existing fund(s). Premiums can be re-directed to a maximum of 10 fund(s) with a minimum allocation of 10% to each fund.

5. Automatic Fund Rebalancing

This feature re-balances your holdings in the range of fund(s) according to your pre-specified basic premium allocations at each policy anniversary. You may exercise this option from policy year 2. Automatic fund rebalancing will only occur when the portfolio's variance from the pre-specified basic premium allocation exceeds 5%.

This feature will be terminated if any fund switch/premium re-direction/partial withdrawal/top-up premium application is made. You need to establish a new automatic fund rebalancing instruction if you want to continue this feature, subject to our approval.

6. Premium Flexibility Benefit

Starting from 6th policy year until the end of Minimum Investment Period, Premium Flexibility Benefit will be activated automatically when regular premium is not paid within the grace period, as long as the policy is in-force.

Premium Flexibility Benefit refers to the total amount of regular basic premium that you can miss without incurring a premium shortfall charge, subject to the limit as set out in the table below. Any missed regular basic premium amount in excess of such limit will be subjected to premium shortfall charge. If the account value is insufficient to cover the applicable fees and charges, the policy will lapse.

Minimum Investment Period		
10 Years	15 Years	20 Years
2 times of annualised basic premium	3 times of annualised basic premium	4 times of annualised basic premium

During the period of Premium Flexibility Benefit, any premium paying supplementary benefit(s) attached to the policy will not lapse. The regular premium due and payable for the supplementary benefits will be deducted from the account value by cancelling the units in the funds.

7. Partial Withdrawal

You can request to make a partial withdrawal by selling some of the units from the fund(s). The minimum amount that can be withdrawn each time is \$350, subject to a minimum balance of \$1,000 in the account value after each withdrawal is taken place.

Partial withdrawal charge will be imposed on the partially withdrawn amount if the partial withdrawal request takes place during the Minimum Investment Period. After the 5th policy anniversary until the end of Minimum Investment Period, we will charge a fee of S\$50 per partial withdrawal, as long as the aggregated partial withdrawal amount made in each policy year does not exceed 20% of the immediately preceding policy year's total (i) basic premium and (ii) top-up premiums paid to this policy ("withdrawal flexibility

amount"). Any partial withdrawal amount in excess of the withdrawal flexibility amount will be subject to the partial withdrawal charge.

Refer to Section 4 of "Fees and Charges" for information on Partial Withdrawal Charges.

If we accept your request, we will sell the existing unit(s) which you have instructed to withdraw at the unit price calculated on the unit sale date.

8. Full Surrender

You can surrender your policy at any time. The surrender value which we pay you consists of:

- (a) value of the units in your account; and
- (b) any premium you have paid which was intended to be used to buy units but have yet to be invested;
- (c) less surrender charge on the full surrender amount, if the full surrender request takes place during the Minimum Investment Period; and
- (d) less any amount owing to us.

There is no minimum amount requirement for full surrender. We will pay you no later than 3 working days after receiving the proceeds of sale of the last relevant fund(s) from the relevant fund manager(s).

9. Initial Premium Allocation

Initial premium allocation percentage must be in whole number and cannot be less than 10% for each fund. A maximum of 10 funds can be selected.

You can request for a change in mode of payment. The request, if accepted, will be effective on the next premium due date of this policy.

11. Change in sum insured

You may request for an increase in the sum insured at the next policy monthiversary during the policy term, subject to the minimum and maximum sum insured requirements as may be determined by us. Any increase in the sum insured will be subject to underwriting.

B. Reduction in sum insured

You may request for a reduction in sum insured at the next policy monthiversary during the policy term and after the end of the Minimum Investment Period, subject to the minimum and maximum sum insured requirement as may be determined by us.

The sum insured of any accelerating supplementary benefit(s) attached to the policy will be reduced if it exceeds the maximum limit allowable by us.

The cost of Insurance will apply to the revised net amount at risk after the change in sum insured.

The policy monthiversary begins on the policy start date and recurs on the same day of the following month while the policy is still in force.

12. Change of life insured

The life insured may be changed, subject to our prevailing administrative and underwriting requirements. You must have an insurable interest on the new life insured at time of change and the new life insured must

have been alive on the policy effective date. The cost of insurance will be adjusted based on the attained age, sex and smoking status, and insurance rating of the proposed new life insured at the time of exchange. An administration fee of \$100 will be levied at the time of change, and we reserve the right to change the fee.

13. Lapsing and reinstating the policy

This policy will lapse when the account value is insufficient to cover the monthly deduction due.

You may request for a reinstatement of the policy within three (3) years from the date the policy lapses. Reinstatement is at our discretion and subject to our underwriting approval. Requirements to reinstatement include, but are not limited to, us receiving the next regular premium due and any amount you may owe us. Allocation of funds will be according to the last basic premium allocation at the time of policy lapsation. Back-payment of missed basic premiums will not be allowed.

14. Distribution of Dividend

If you choose to invest in any fund(s) that pays dividends, you have the option to either reinvest these dividends or to receive payments of these dividends. The frequency of dividend distribution of the fund(s) is determined by the relevant fund manager. You can only be entitled to dividend(s) if you are invested in the relevant fund(s) at the end of its dividend declaration date (also known as record date).

If you choose to reinvest dividends and the fund(s) declares any dividend(s) thereafter, the relevant fund manager(s) will reinvest these dividends on your behalf and thereby increasing your units in this fund(s). We will receive these additional units from the relevant fund manager(s) within 21 business days from their respective record dates and will distribute these additional units to you 2 business days after receiving them.

If you choose to receive payment of dividends and the fund(s) declares any dividend(s) thereafter, we will distribute these dividends to you 2 business days after receiving them from the relevant fund manager(s). We will only pay dividends of the fund(s) to you if the amount of dividend you are entitled to is at least \$40. If the amount of dividend that you are entitled to for any fund(s) is less than \$40, we will reinvest that particular dividend(s) as additional units on your behalf.

Partial withdrawal charge will not apply to the payment of dividends. Partial withdrawal charge will apply if you choose to withdraw the reinvested dividend(s) during the Minimum Investment Period.
