Product Description

Manulife InvestReady (III) is a whole-life **regular-premium** investment-linked plan that is designed to give you the dual benefits of insurance cover and investment opportunities. It provides protection coverage against death and terminal illness up to the policy anniversary immediately after the 99th birthday of the life insured. It also gives you the flexibility to choose your own basic premium amount to meet your financial goals.

The unit value of the policy reflects the basic premium allocation, bonuses and investment performance of the Manulife InvestReady Fund(s) it is invested in. The charges levied are funded through the deduction of units.

Product Benefits

1. Death Benefit

If the life insured dies during the policy term, we will pay the higher of:

- (a) 101% of (total basic premium paid plus any top-up premium less any withdrawal made); or
- (b) account value, less any amount owing to us.

To calculate the account value, we use the unit price calculated on the second business day after we receive the death notification of the life insured with proof of death. For the purposes of this

calculation, business day shall mean a working day in both the jurisdiction of the domicile of the relevant Fund(s) as well as Singapore.

Our calculation, and the subsequent determination of the final values, shall be final and binding. If charges are deducted from your account at any time before the date of death claim notification, we will not make any refund of such charges to you.

2. Terminal Illness (“TI”) Benefit

If the life insured is diagnosed with a TI while the policy is still in force, we will pay the TI benefit as an acceleration of the death benefit (described in Section 1 under “Product Benefits”), subject to the TI limit (as defined below).

Definition of TI
Any condition caused by illness or injury, where at the time of claim, despite all reasonable medical treatment, the life insured is expected to live for no more than 12 months.
The medical examiner treating the condition must provide supporting evidence of the condition, possible medical treatment, the prognosis after undergoing the possible medical treatment, and certify that the life insured is expected to live for no more than 12 months despite all possible medical intervention. We reserve the right to appoint an independent medical examiner who is an expert in the condition to confirm the diagnosis and prognosis.
TI in the presence of human immunodeficiency virus (HIV) infection is excluded.

The most we will pay for this policy and all other policies we have issued covering the same life insured for any TI benefit and critical illness (“CI”) benefit is S\$2,000,000 (“TI/CI limit”), of which the TI benefit cannot be more than S\$1,000,000 (“TI limit”). The payment of the TI benefit will reduce the TI/CI limit and TI limit respectively by the amount we have paid. This policy will remain in force for the death benefit if the death benefit has not been fully accelerated and paid following the TI claim. Please see the policy contract for details.

3. Maturity Benefit

The policy will terminate on the policy anniversary immediately after the 99th birthday of the life insured. Upon termination, we will pay the account value of the policy, less any amount owing to us.

6. Bonuses

There are three types of bonuses that we pay if you meet the relevant requirements:

- Welcome Bonus;
- Annual Premium Bonus; and
- Loyalty Bonus.

A. Welcome Bonus

Welcome Bonus will be given in the form of additional units based on a rate applied to the first 12 months regular basic premium paid, excluding top-up premiums. The additional units are payable according to your pre-specified basic premium allocation.

Welcome Bonus rate is based on the table below:

Welcome Bonus rates				
Minimum Investment Period	5 Years Flexi 1	6 Years Flexi 2	7 Years Flexi 5	10 Years Flexi 3
Annualised Basic Premium	\$25,000 or above	\$10,000 or above	\$12,000 to \$47,999.99	\$6,000 to \$9,599.99

B. Annual Premium Bonus

A one-time Annual Premium Bonus will be given if the first basic premium is paid via the annual premium payment mode as at policy issue date. The Annual Premium Bonus is calculated as a percentage of the first annual basic premium paid. This bonus will be converted into additional units according to your pre-specified basic premium allocation upon receipt of your first annual basic premium.

Annual Premium Bonus rate is based on the table below:

Annual Premium Bonus rates							
Minimum Investment Period	5 Years Flexi 1	6 Years Flexi 2	7 Years Flexi 5	10 Years Flexi 3	10 Years Flexi 5	10 Years Flexi 8	13 Years Flexi 10
Annual Premium Bonus	0%	0%	0%	2%	5%	5%	5%

The Annual Premium Bonus allocated to your policy will be deducted from the account value if there is any change in the mode of premium payment from annually to a non-annual mode (that is, semi-annually, quarterly or monthly) during the premium shortfall charge period described in Section 5 under "Fees and Charges".

C. Loyalty Bonus

Loyalty Bonus will be given during the policy term starting from the policy anniversary immediately after the end of the MIP and every policy anniversary thereafter, in the form of additional units based on 0.3% of the account value (where applicable).

The additional units are payable according to your pre-specified basic premium allocation. It will be paid out in one payment on your policy anniversary.

To qualify, both of the following criteria must be satisfied:

If you fail to qualify for a Loyalty Bonus, you can still qualify for subsequent Loyalty Bonuses as long as the 2 criteria above are met in any subsequent policy year.

Fees and Charges

1. Cost of Insurance ("COI")

The COI is levied on the policy on a monthly basis by **cancelling units proportionately from your Fund(s)** to provide for the insurance coverage. The COI is based on the attained age, gender and smoking status of the life insured, as well as the net amount at risk ("NAAR"). The COI rate for death and TI benefit is guaranteed throughout the policy term.

Details of NAAR are described below:

NAAR is charged from start of policy, with NAAR being:

- 101% of [total regular basic premiums paid + any top-up premium – any withdrawals], less account value.

If NAAR is lesser than or equal to zero, no COI will be charged.

2. Policy Charge

A. Administrative Charge

An administrative charge is deducted from the account value and charged on each policy monthiversary through the **cancellation of units proportionately from your Fund(s)** during the policy term.

The administrative charge is calculated as a percentage of account value, based on the table below:

Minimum Investment Period	During MIP	After MIP
5 Years Flexi 1	2.50% p.a.	1.00% p.a.
6 Years Flexi 2	2.50% p.a.	1.00% p.a.
7 Years Flexi 5	2.50% p.a.	1.00% p.a.
10 Years Flexi 3	2.50% p.a.	0.70% p.a.
10 Years Flexi 5	2.50% p.a.	0.70% p.a.
10 Years Flexi 8	2.50% p.a.	0.70% p.a.
13 Years Flexi 10	2.50% p.a.	0.70% p.a.

We reserve the right to change the administrative charge by giving 30 days' advance written notice.

B. Policy Fee

A policy fee of \$5 is deducted from the account value and charged on each policy monthiversary through the **cancellation of units from your Fund(s)** during the policy term.

The policy fee is applicable to the following MIPs with 1st year annualised basic premium as stated in the table below:

1st Annualised Basic Premium	Minimum Investment Period			
	10 Years Flexi 3	10 Years Flexi 5	10 Years Flexi 8	13 Years Flexi 10
	\$6,000 to \$9,599.99	\$6,000 to \$9,599.99	\$6,000 to \$9,599.99	\$3,600 to \$9,599.99

We reserve the right to change the policy fee by giving 30 days' advance written notice.

3. Surrender Charge

Surrender charge applies if you request for full surrender during the MIP. The surrender charge will be deducted from the sale redemption proceeds of all units. For clarity, the surrender charge shall not apply to the payment of dividends and withdrawal of any reinvested dividends. Any balance after deducting the surrender charge and any other amounts owing to us, will be paid to you.

It will be calculated as below:

Surrender Charge = Surrender charge percentage X [(Number of units surrendered X Unit price of the respective Fund(s)) – Balance of reinvested dividends amount available for withdrawal]*

**This amount refers to the value of the reinvested dividend units at the point of reinvestment.*

The surrender charge percentage is:

Policy Year	Surrender Charge (%)						
	Minimum Investment Period						
	5 Years Flexi 1	6 Years Flexi 2	7 Years Flexi 5	10 Years Flexi 3	10 Years Flexi 5	10 Years Flexi 8	13 Years Flexi 10

13	N.A.	N.A.	N.A.	N.A.	N.A.	N.A.	8%

4. Partial Withdrawal Charge

Partial withdrawal charge applies if you request for partial withdrawal during the MIP.

If we accept your application for partial withdrawal, we will sell the existing unit(s) of your Fund(s) at the unit price on the day we sell the Fund(s). The partial withdrawal charge will be deducted from the partial withdrawal amount, with the remaining amount paid to you. For clarity, the partial withdrawal charge shall not apply to the payment of dividends and partial withdrawal of any reinvested dividends.

It will be calculated as below:

Partial withdrawal charge = Partial withdrawal charge percentage X Number of unit(s) of specified Fund(s) withdrawn X Unit Price of specified Fund(s)

The partial withdrawal charge percentage is:

Policy Year	Partial Withdrawal Charge (%)						
	Minimum Investment Period						
	5 Years Flexi 1	6 Years Flexi 2	7 Years Flexi 5	10 Years Flexi 3	10 Years Flexi 5	10 Years Flexi 8	13 Years Flexi 10

13	N.A.	N.A.	N.A.	N.A.	N.A.	N.A.	8%

5. Premium Shortfall Charge

If you miss paying any regular basic premium before the flexi start date, a monthly premium shortfall charge will apply starting from the first business day after the end of the grace period of each missed regular basic premium.

The premium shortfall charge will be imposed monthly until you resume the basic premium payment or until 1 calendar day before the flexi start date, whichever is earlier.

It is imposed through selling proportionate units from the invested Fund(s).

Any premium paying supplementary benefit attached to this basic plan will lapse when you miss paying your regular basic premium.

The formula to calculate the charge amount is:
 $(X\% \times \$P) / 12 \text{ months}$

X% is the applicable premium shortfall charge percentage of the policy year in which regular basic premium is missed; and P is the annualised basic premium.

The applicable premium shortfall charge is:

Policy Year	Premium Shortfall Charge (%)						
	Minimum Investment Period						
	5 Years Flexi 1	6 Years Flexi 2	7 Years Flexi 5	10 Years Flexi 3	10 Years Flexi 5	10 Years Flexi 8	13 Years Flexi 10

6. Management Charge

You can refer to the respective schedules in the relevant fund prospectuses for details. Management charges are payable from the assets of the Fund(s) that the policy invests in and are deducted during daily pricing of the respective Fund(s). As such, unit prices of Fund(s) are net of this charge at all times.

The relevant fund manager reserves the right to increase the charges. We will give you written notice of such change(s) in accordance with applicable laws and regulations.

Policy Options

1. Vary Regular Basic Premium

You may request in writing to increase or decrease regular basic premium from the flexi start date. The minimum regular basic premium from the flexi start date is \$40 and is applicable for all premium payment frequencies. We reserve the right to revise the minimum regular basic premium any time at our discretion.

2. Top-up Premium

Top-up premium is any premium received outside of the regular basic premium and is allowed during the policy term, subject to our approval and the maximum entry age allowable at the point of application. The minimum top-up premium is \$2,500.

100% of the top-up premium, after deducting any top-up charge, will be used to purchase Fund(s) of your choice at the prevailing unit price. The current top-up charge is 0%. However, we reserve the right to vary the charge and will give you at least 30 days' advance written notice if we intend to do so.

Top-up premium will increase the death benefit according to the death benefit formula in Section 1 under "Product Benefits". Medical underwriting is not applicable but financial underwriting may be required.

Top-up premium forms part of the account value of the policy and any partial withdrawal or full surrender during the MIP will be subject to a partial withdrawal charge or surrender charge.

Top-up premium will qualify for Loyalty Bonus as part of the account value, subject to the Loyalty Bonus qualifying conditions.

3. Fund Switching

You are entitled to an unlimited number of free fund switches during the policy term. Fund switch is based on the unit price at the time the switch is carried out.

The minimum amount for each fund switch is \$500. If the account value of each Fund is lower than \$500 at the point of request, you must switch all the units out of this Fund.

We reserve the right to vary the minimum amount that you can switch out of a Fund in respect of any new fund switch application.

4. Premium Redirection

You may request in writing to re-direct your future regular basic premium into other Fund(s) of your choice without affecting the units in your existing Fund(s) during the policy term. Regular basic premiums can be re-directed to a maximum of 10 Fund(s) with a minimum of 10% per Fund.

5. Automatic Fund Rebalancing

This feature re-balances your holdings in the range of Fund(s) according to your pre-specified fund allocations at each policy anniversary. You may exercise this option from policy year 2 onwards.

Automatic fund rebalancing will only occur when the portfolio's variance from the pre-specified basic premium allocation exceeds 5%.

This feature will be terminated if any fund switch/premium re-direction/partial withdrawal/top-up premium application is made. You need to establish a new automatic fund rebalancing instruction if you want to continue this feature, subject to our approval.

6. Partial Withdrawal

You can request to make a partial withdrawal by selling the units from your prevailing holdings of Fund(s), subject to our approval.

The minimum amount for each withdrawal is \$500, subject to the conditions that the withdrawn amount must not:

- (i) result in the account value falling below \$1,000; and
- (ii) be more than the partial withdrawal amount limits (only applicable to MIP 10 Years Flexi 3, 10 Years Flexi 5, 10 Years Flexi 8 and 13 Years Flexi 10 plans, and from policy year 6 to the end of the MIP of the respective plans).

Depending on your chosen MIP, the applicable partial withdrawal amount limit will be:

7. Full Surrender

You can surrender your policy at any time by submitting a written request to us. The surrender value consists of:

- (a) account value;
- (b) any basic premium and/or top-up premium you have paid but have yet to be invested in any Fund;
- (c) less surrender charge during MIP; and

We will pay you no later than 3 working days after receiving the proceeds of sale of the last relevant Fund from the relevant fund manager(s).

Your Manulife InvestReady (III) policy will be terminated thereafter.

8. Initial Premium Allocation

Initial basic premium allocation percentage must be a whole number and cannot be less than 10% for each Fund. A maximum of 10 Funds can be selected.

9. Change in Mode of Payment

You can request for a change in mode of payment. The request, if accepted, will be effective on the next premium due date of this policy. Change in mode of payment is not applicable for MIP 5 Years Flexi 1 (SGD and USD), MIP 6 Years Flexi 2 (SGD and USD), MIP 7 Years Flexi 5 (USD), MIP 10 Years Flexi 3 (USD), MIP 10 Years Flexi 5 (USD) and MIP 10 Years Flexi 8 (USD).

10. Change of Life Insured

You may request to change the life insured after the next policy monthiversary from the policy issue date, subject to our approval and prevailing administrative and underwriting requirements.

You must have an insurable interest on the new life insured at the time of change and the new life insured must have been born on the policy effective date.

The COI will be adjusted based on the attained age, gender and smoking status of the proposed new life insured at the time of exchange. An administration fee of S\$100 will be levied at the time of change, and we reserve the right to change the fee.

There is no limit to the number of exchanges.

Please refer to the policy contract for more information.

11. Lapsing and Reinstating

The policy will automatically lapse when the account value is insufficient to cover the monthly deduction due on any policy monthiversary.

You may request for a reinstatement within three (3) years from the date the policy lapses, subject to our underwriting requirement and approval. Allocation of Fund(s) will be according to the last basic premium allocation at the time of policy lapsation.

12. Distribution of Dividends

If you choose to invest in any Fund(s) that pays dividends, you have the option to either reinvest these dividends or to receive payments of these dividends. The frequency of dividend distribution of the Funds is determined by the relevant fund manager. You can only be entitled to dividend(s) if you are invested in the relevant Fund(s) at the end of its dividend declaration date (also known as the Record Date).

If you choose to reinvest dividends, the relevant fund manager(s) will reinvest these dividends on your behalf and thereby increasing your units. We will receive these additional units from the relevant fund manager(s) within 21 business days from their respective Record Dates and will distribute these additional units to you 2 business days after receiving them.

If you choose to receive payment of dividends, we will distribute these dividends to you 2 business days after receiving them from the relevant fund manager(s), subject to the minimum amount of \$40. If the amount of dividend is less than \$40, we will reinvest that particular Fund's dividend(s) as additional units on your behalf.

Partial withdrawal and surrender charges will not apply to the payment of dividends and withdrawal of the reinvested dividends. If you would like to withdraw the reinvested dividends, you must submit your request and it is subject to our approval. The minimum amount to withdraw is \$500 or the full accumulated reinvested dividends in the policy.

4. General Exclusion

There are certain conditions under which no benefits will be payable under this policy as listed below. Please refer to the policy contract for the full details of the exclusions.

Death Benefit

If the life insured dies due to pre-existing condition within one year from policy issue date, the most recent date we approve your change of life insured request or the most recent reinstatement date, we will not pay you any death benefit. Instead, we will refund you the account value after deducting any bonus units previously paid to you, less any amount owing to us.

To calculate the account value, we will use the unit price(s) of relevant Fund(s) calculated on the second business day after we receive the death notification of the life insured with proof of death.

For the purposes of this calculation, business day shall mean a working day in both the jurisdiction of the domicile of the relevant Fund(s) as well as Singapore.

Investments are subject to investment risks including the possible loss of the principal amount invested. The value of the units may fall as well as rise. The prediction, projection or forecast on the economy, securities markets or the economic trends of the markets targeted by the Fund are not necessarily indicative of the future or likely performance of the Fund.

By purchasing Manulife InvestReady (III), you are subject to the risks inherent to the Fund(s) which you have invested in. You should consider and satisfy yourself as to the risks of investing in the aforementioned Fund(s).

Investments in the Fund(s) are generally meant to produce returns over the long-term. It may not be possible to obtain short-term gains from such investments. You should be aware that the price of units in these Fund(s), and the income from them, may fall or rise and you may not get back your original investment.

No guarantee is given, express or implied, that you will receive any amount invested. All investments involve risks and there can be no guarantee against loss resulting from an investment in any Fund(s), nor can there be any assurance that the Fund(s)' respective investment objectives will be attained in respect of their overall performance.

You should therefore read the prospectus and ensure (prior to any investment being made) that you are satisfied with the respective Fund's risk profile of the overall objective disclosed.
