Product Benefit:

Death Benefit:

If the life assured dies, we pay the higher of (a) or (b):

- a) 110% of (the total premiums received plus any top-ups less any withdrawals), or
- b) the value of all the units in your account.

To work out the value of your units, we use the bid price on the next business day after you let us know the death of the life assured.

If the life assured commits suicide within 12 months from the cover start date or date of reinstatement (if any) of your policy, we will void your policy. In this case, we cancel it and refund the premiums received from you. We will first deduct any withdrawals, all other amounts you owe us in connection with your policy and expenses (including administrative, sales-related and medical expenses) we have had to pay on your policy.

PRULink Funds:

Please refer to Appendix A for the list of available Investment-Linked Funds and the respective Fund Information Booklet for details on the PRULink funds ("PRULink Funds").

If you choose a PRULink Fund that aims to distribute dividends on a regular basis, please note that the distribution of dividends is at the discretion of the underlying fund's Board of Directors, Manager and/or Prudential Singapore, and is not guaranteed. The distribution of dividends may be effectively paid out of capital, which will reduce the net asset value of the Fund which is used to calculate the Fund's unit price and the surrender value of the policy.

Options:

You can choose to do any of the following. However, we may change, introduce new options or at our discretion withdraw the options offered as we consider appropriate.

1. Switching

You can ask us to switch the units in your Account to other PRULink Funds that are available.

There is a minimum amount you can switch out of a PRULink Fund and this minimum amount will be made known to you at the time of your application to do the switch.

The value of the remaining units in the PRULink Fund that you are switching out from cannot be lower than a stipulated minimum amount. To calculate the value of the remaining units, we use the bid price at the time the switch is carried out.

If the value of the remaining units is lower than the stipulated minimum amount, you must switch all the units out of the fund. We reserve the right to vary, from time to time, the minimum amount you can switch out of a fund in respect of any new application to switch funds. This minimum amount will be made known to you at the time of your application to do the switch.

To apply, you must use our appropriate application form and meet the conditions on it.

2. Top-up your premium

You can top-up your premium by paying an additional one-off amount. The minimum top-up amount is \$2,000. Top-ups are allowed at any time within the permissible age limits with additional death benefits of 110% of single premium.

To apply, you must use our appropriate application form and meet the conditions on it.

3. Make withdrawals

You can make partial or full withdrawal by asking us to sell some or all of the units in your Account. To apply you must use our appropriate application form and meet the conditions on it.

You can only make a partial withdrawal if you have a minimum amount in your Account. The minimum amount you can withdraw is currently \$1,000. The remaining units in your Account must be worth at least \$1,000 based on the bid price at the time of withdrawal. If not, you will not be able to make a partial withdrawal.

Exclusions:

There are certain conditions under which no benefits will be payable. You are advised to read your policy document for the full details of these exclusions.

If the life assured dies due to a pre-existing condition within 12 months from the cover start date of the policy, we pay the higher of:

- the value of all the units in the Account; or
- the total premiums paid less any withdrawals, all outstanding amounts owing to us in connection with the policy and expenses (including but not limited to administrative, sales related and medical expenses, if any) incurred by us on the policy.

If the life assured dies due to a pre-existing condition within 12 months from the date of an increase in the premium, we pay the higher of:

- the value of the units of the respective increase in premium; or
- the respective increase in premium paid less any withdrawals, all outstanding amounts owing to us in connection with the policy and expenses (including but not limited to administrative, sales related and medical expenses, if any) incurred by us on the policy.

If the life assured dies due to a pre-existing condition within 12 months from the date of any top-up, we pay the higher of:

- the value of the units of the respective top-up; or
- the respective top-up paid less any withdrawals, all outstanding amounts owing to us in connection with the policy and expenses (including but not limited to administrative, sales related and medical expenses, if any) incurred by us on the policy.

A pre-existing condition is the existence of any signs or symptoms for which treatment, medication, consultation, advice or diagnosis has been sought or received by the life assured or would have caused an ordinary prudent person to seek treatment, diagnosis or cure, prior to, the cover start date of this policy or the date of any increase in premium or the date of any top-up.

Surrender/Maturity Value:

The surrender/maturity value of this plan is the value of all units (including top-ups, but less withdrawals) in your Account at the bid price.

Direct Income Option

If you bought your policy using cash, that means not using your CPF or SRS monies, you can choose to add this benefit to your policy.

Prepared by

Underwritten by Prudential Assurance Company Singapore (Pte) Limited (Reg. No 199002477Z)

We pay a fixed amount (Direct Income) monthly from your policy (Main Policy), for as long as there are sufficient units left in your Account.

The minimum monthly Direct Income amount is \$100 and this will be credited directly into your bank account. You can increase or decrease the Direct Income amount during the Direct Income payment period subject to the minimum amount as mentioned above and the value of units left in your main policy.

You must apply for the change in your Direct Income amount on our appropriate application form and meet the conditions on it. If you should change the bank account where your Direct Income is credited into, you must also apply on our appropriate application form and meet the conditions on it. These changes will then take effect at the end of the next calendar month following the approval of your application.

We can change the minimum monthly Direct Income amount but will give you 30 days' written notice before we do so.

When you do a lump sum top-up into your main policy or make a withdrawal from your main policy, it may affect the length of the Direct Income payment period. We do not guarantee the length of the Direct Income payment period, as this will also depend on the value of the units in your main policy.

If the main policy's unit value has less than 2 months' worth of monthly Direct Income, this amount will be paid out in a lump sum. We will write to you when we pay your last Direct Income, as there will be no more units left in your policy and as a result your main policy will end.

The monthly Direct Income payments will start at the end of the next month, following:

- the approval of this application; or
 - the main policy's anniversary before the life assured turns 62 years old;
- whichever is later.

When we deduct the units in your main policy to pay you the monthly Direct Income, we will use the bid price on the 21st of every month. Should this day fall on a weekend or a public holiday, we will use the bid price on the following business day.

Example:

Policy anniversary date – 2 May

First Direct Income date – 30 June

Bid price of 21 June will be used.

If you have invested in more than one fund, we will deduct proportionately from each fund based on their corresponding unit value at bid price, to make up your monthly Direct Income amount.

You may choose to stop the monthly Direct Income after they have started. This will take effect at the end of the next month, following the approval of the request.

If you wish to reapply for the Direct Income option, you can apply on our appropriate application form and meet the conditions on it. There is a processing fee for each reapplication of the Direct Income option. This processing fee can change and we will let you know when you reapply for the Direct Income option.

The Direct Income payment will then take effect at the end of the next month, following the approval of your application.

If the life assured dies, the monthly Direct Income will stop.

The Direct Income payments shall be treated as withdrawals when calculating the death benefit of the main policy.

This option is not available for policies that:

- are put under trust,
- have been assigned, or
- are owned by an undischarged bankrupt.

After the Direct Income payments have started, if your main policy is put under trust or is assigned or you become a bankrupt, the Direct Income payments will stop.

Any Direct Income payment due that has not been processed will not be paid. For Direct Income payments already processed, they will be paid accordingly. The Direct Income payments will then stop in the following month.

Your Direct Income option will end when:

- your main policy ends,
- the life assured dies, or
- there are no more units in your main policy.
