#### (a) Single Premium

The **minimum initial investment amount** is S\$10,000.

(c) Top-up Premium

Policyholders may make top-up premium payments at any time until the Life Assured reaches the age of 58. The **minimum top-up amount** is S\$500.

8.4 Pricing and Dealing Deadlines

As Units are issued on a forward pricing basis (except during the initial offer period of an ILP Sub-Fund, where applicable), the issue price of Units will not be ascertainable at the time of application.

Subject to Our approval of this application, the Policyholder will be issued Units in relation to his initial investment amount or recurring single premium or top-up premium (as the case may be) at the issue price prevailing as at the Dealing Day on which We actually receives the Policyholder's initial investment amount or recurring single premium or top-up premiums in full on a cleared funds basis. Any payment which is received or which has been cleared before approval of the application shall be deemed to be received on the first Dealing Day after approval of the application.

After the initial offer period of an ILP Sub-Fund, if any of the above payments is received (on a cleared funds basis) by Us before 2.30 p.m. on a Dealing Day, the application will be taken to have been received on that Dealing Day. If such payment is received by Us after 2.30 p.m. on a Dealing Day or on a day which is not a Dealing Day, such payment will be taken to have been received on the next Dealing Day. We and the authorised financial advisers reserve the right to revise the cut-off time in respect of any Dealing Day.

The pricing is done on a single pricing basis and the issue price per Unit on each Dealing Day shall be based on the net asset value (plus or minus duties or charges) calculated by the relevant Manager as at each Valuation Point in respect of the relevant ILP Sub-Fund invested into.

## 8.5 Calculation of Number of Units Allocated

The following example illustrates the number of Units in an ILP Sub-Fund that a Policyholder will receive:

Investment details	Fees and Charges
Initial single premium: S\$1,000	-
Notional issue price: S\$1.00**	-

Initial number of Units = Initial single premium ÷ Issue price  
= S\$1,000 ÷ S\$1.00  
= 1,000 Units

Number of Units allocated at Policy Commencement Date  
= Initial number of Units  
= 1,000 Units

\*\*The actual issue price of Units will fluctuate according to the net asset value of the Units

## 8.6 Minimum ILP Sub-Fund size

There is no minimum ILP Sub-Fund size for the continued operation of the ILP Sub-Funds.

# 9. **REDEMPTION OF UNITS**

## 9.1 How Units may be redeemed

Subject to paragraph 9.2 below, Policyholders may redeem their Units by submitting to Us or Our Financial Planners or authorised financial advisers, a written redemption request in such form and together with such other documents as may be required by them.

A redemption request will not be treated as valid unless it is in respect of Units for which the issue price has been fully paid by the Policyholder. We may refuse any redemption requests if all relevant documentation has not been submitted, or in any other circumstances notified to the Policyholders.

## 9.2 Minimum Holding Amount and Minimum Redemption Amount

Policyholders may at any time redeem all or a portion of their Units. If the request would reduce their unit holding to below the Minimum Holding Amount for the HSBC Life Wealth Invest (CPF) policy (as set out below), such request will be treated as a request to redeem the entire unit holding under the relevant HSBC Life Wealth Invest (CPF) policy. Therefore, any request for partial redemption or switching in this case, will not be processed unless we determine otherwise. Redemption requests are also subject to the minimum partial redemption amount set out below.

Minimum Amounts	
Minimum Holding Amount for this Policy*	S\$10,000
Minimum Partial Redemption Amount*	S\$1,000

\*We reserve the right to revise the Minimum Holding Amount and Minimum Partial Redemption Amount.

### 9.3 Pricing and dealing deadline

As Units are priced on a forward pricing basis, the redemption price of Units will not be ascertainable at the time of the submission of the redemption request. If the Policyholder's redemption request is received by Us before 2.30 p.m. on a Dealing Day, the redemption request will be taken to have been received on that Dealing Day and the Policyholder will receive that Dealing Day's redemption price. If the redemption request is received after 2.30 p.m. on a Dealing Day or on a day which is not a Dealing Day, the redemption request will be taken to have been received on the next Dealing Day and the policyholder will receive the next Dealing Day's redemption price. We and authorised financial advisers reserve the right to revise the cut-off time in respect of any Dealing Day.

The pricing is done on a single pricing basis and the redemption price per Unit on each Dealing Day shall be based on the net asset value (plus or minus duties or charges) calculated by the relevant Manager as at each Valuation Point in respect of that ILP Sub-Fund.

### 9.4 Calculation and payment of redemption proceeds

The following example illustrates the number of Units in an ILP Sub-Fund that a Policyholder will receive:

Investment details	Fees and Charges
Number of units to be redeemed: 1,000	-
Notional redemption price: S\$1.00**	-

Gross redemption proceeds = Number of units to be redeemed × redemption price  
= 1,000 × S\$1.00  
= S\$1,000

Net redemption proceeds paid out to Policyholder  
= Gross redemption proceeds – Fees and Charges (if any)  
= S\$1,000 – S\$0  
= S\$1,000

\*\*The actual issue price of Units will fluctuate according to the net asset value of the Units

### 9.5 Settlement for Redemption

(a) Redemption proceeds for the Units will be paid to Policyholders within four (4) Business Days for bond and money market ILP Sub-Funds and within six (6) Business Days for all other types of ILP Sub-Funds (or such other period as the relevant authorities may require or allow from time to time) from the date of the next pricing of the ILP Sub-Fund immediately following the receipt by Us of the redemption request with all the requisite documents and information unless the redemption amount falls below the minimum partial redemption amount set out in paragraph 9.2 above or valuation or redemption of the Units has been suspended by Us and/or the relevant Manager pursuant to paragraph 12 below.

(b) In the case of a Policyholder who has purchased Units with CPF monies from his CPF Investment Account or CPF Special Account, the redemption proceeds payable to him in respect of the redeemed Units will be paid by transferring the monies to the relevant Approved Bank for credit of the Policyholder's CPF Investment Account or CPF Special Account (as the case may be) or otherwise in accordance with the provisions of any applicable laws, regulations or guidelines. Where both his CPF Investment Account and CPF Special Account have been closed, the monies will be paid to the Policyholder by cheque sent through the post to his address (in the case of an individual) or registered address (in the case of a corporate entity) or by telegraphic transfer to a nominated bank account or otherwise in accordance with any applicable laws, regulations or guidelines.

## 10. SWITCHING OF UNITS

Where Units have been issued, the Policyholders (unless otherwise provided by Us) may switch all or any of the Units of one ILP Sub-Funds (the "**Original Fund**") to Units of another ILP Sub-Fund offered under the same HSBC Life Wealth Invest (CPF) policy (the "**Other Fund**") subject to the following:

(a) no switching of Units may be made which would result in a Policyholder holding less than the Minimum Holding Amount for an ILP Sub-Fund of either the Original Fund or the Other Fund, i.e. S\$1,000 (or such other sum as may be specified by Us from time to time);

(b) the minimum amount required to switch out from the Original Fund is the lower of S\$1,000 or 100% of the value of the Original Fund;

(c) a Policyholder who has purchased Units with CPF monies from his CPF Ordinary Account will only be able to switch all or any of such Units of the Original Fund into Units of the Other Fund if the Other Fund is a CPFIS included ILP Sub-Fund which can be purchased with monies from CPF Ordinary Accounts; and

(d) a Policyholder who has purchased Units with CPF monies from his CPF Special Account will only be able to switch all or any of such Units of the Original Fund into Units of the Other Fund if the Other Fund is a CPFIS included ILP Sub-Funds which can be purchased with monies from CPF Special Accounts.

Units of the Other Fund will be purchased with proceeds derived from the cancellation of the Units of the Original Fund on the Dealing Day (of the Other Fund) that is within five (5) Business Days following the cancellation of Units in the Original Fund. Units in the Other Fund will be issued based on the following formula. We reserve the right to alter the formula at any time at its discretion, with at least one (1) month's prior notice. We shall under no circumstances be responsible for any losses whatsoever attributable to its decision to alter the formula.

$$A = \frac{(B \times RP) - SF}{IP}$$

Where:

A = the number of Units of the Other Fund to be issued

B = the aggregate number of Units of the Original Fund to be switched pursuant to the relevant switching form submitted to Us

RP = the redemption price per Unit of the Original Fund on the Valuation Day on which the switch is to take effect

SF = the applicable switching fee (if any) as specified in paragraph 7

IP = the issue price per Unit of the Other Fund on the Valuation Day on which conversion is to take effect,

if the number of Units of the Other Fund so produced by the above formula shall include any fraction of a Unit of the Other Fund, such fraction shall be rounded off to the nearest 5 decimal places.

Where the Policyholder makes a switch of a Unit, We shall not deduct the amount of the initial charge for Units in the Other Fund but may be entitled to charge a switching fee upon the amount available for investment.

Policyholders will have to give Us a notice of switching in such form as We may require. Units of the Original Fund to be switched as specified in such notice shall be cancelled on the Dealing Day of the Original Fund on which the notice has been processed by Us.

## **11. OBTAINING PRICES OF UNITS**
