

PRODUCT SUMMARY

WealthLink (GL2)

1 POLICY DESCRIPTION

WealthLink is a single premium investment-linked plan (ILP) that combines investment and protection against death and accidental death (accidental death before the age of 75).

1.1 Investing Your Money

You can make a lump sum investment in any chosen ILP sub-funds offered under WealthLink. In addition, you can also make ad hoc top ups or regular top ups throughout the policy term.

You may opt to invest using cash or your Supplementary Retirement Scheme (SRS) savings.

Your premiums are used to purchase units under the ILP sub-funds that you have chosen to invest in. More details can be found under Section 5 “Subscription of Units”.

1.2 Flexible Options

WealthLink offers the following flexible features to suit your changing investment needs:

- a. Partial Withdrawals: You can redeem your investment anytime from any ILP sub-funds you have invested in.
- b. Ad hoc top-ups: To suit your changing investment needs, you can increase or reduce your premium.
- c. Fund Switching: You can switch your investments between ILP sub-funds anytime to suit your changing investment needs and risk profile.

You can find details of these features in the later sections of this product summary.

1.3 Protection Benefits

Death and Accidental Death Benefit

Upon death of the insured during the policy term, the policy value at the time of the claim will be payable. The policy value is the amount available when your units are multiplied by the bid price.

Upon accidental death of the insured (before the age of 75) during the policy term, this policy will pay:

- (a) 105% of all net premium(s); or
- (b) the policy value at the time we are told of the claim;

whichever is higher.

We will pay the Accidental Death Benefit only if the death happens within 365 days of the accident. Otherwise, we will pay only the Death Benefit.

We will only pay for the Death Benefit or the Accidental Death Benefit and not both.

We will take off any fees and charges which apply to your policy. The policy terminates thereafter.

Net premium(s) means the initial single premium paid, and the total of all top-ups made, less all amounts cashed in.

You should read the Fund Summary and Product Highlights Sheet before deciding whether to subscribe for units in the ILP sub-fund.

3 RISKS

3.1 General Risks

Buying a life insurance policy is a long-term commitment. Early termination of the policy usually involves high cost and the surrender value payable (if applicable) may be zero or less than the premiums paid.

As much as we are committed to achieving strong investment performance, the past performance of the managers and the sub-fund/sub-funds are not necessarily indicative of future performance. The value of the units under your Investment Linked Plan can rise or fall as the performance of the underlying sub-funds changes. The policy will terminate whenever the value of the policy is zero or negative.

3.2 Risks Specific to Each ILP Sub-Fund

All investments come with some degree of risks.

For the Money Market Fund, the purchase of a unit in the sub-fund is not the same as placing funds on deposit with a bank or deposit-taking financial institution. Although the manager may seek to maintain or preserve the value of the principal of the sub-fund, there can be no assurance that the sub-fund shall be able to meet this objective. The Money Market Fund is not a guaranteed fund, in that there is no guarantee as to the amount of capital invested or return received. The global exposure of the Money Market Fund to financial derivatives or embedded financial derivatives should not exceed 100% of the scheme's net asset value at all times.

You can learn more about the risks specific to each ILP sub-fund in the Semi Annual Fund Report and the Annual Fund Report.

4 FEES & CHARGES

In this section, we describe to you the charges that are applicable for WealthLink. From time to time, we may review the charges under WealthLink. If the charges described here are revised, we will inform you accordingly and give you sufficient notice before any revision takes effect.

4.1 Premium Charge

A premium charge of 3.5% will be deducted from both the initial single premium and for each and every top-up.

We may change the premium charge at any time by giving you notice.

4.2 Policy Fee (Renewal)

No policy fee is charged. However, we may change this at any time by giving you notice.

4.3 Insurance Cover Charge

No additional insurance cover charge will be deducted from your premium. The protection benefits are given at no additional charge to the policyholder. However, we may change this at any time by giving you notice.

4.4 Fund Switching Fee

We currently do not charge for fund switches. Depending on circumstances in the future, we may levy an administration charge. Sufficient notice will be given to you before any charges take effect.

4.5 Annual Management Fee

The annual management fee is not the same for all ILP sub-funds. The fee for each sub-fund can be found in the Semi Annual Fund Report and the Annual Fund Report.

For all ILP sub-funds, the annual management fee is deducted at sub-fund level as a percentage of the value of your chosen sub-fund/sub-funds. Although this percentage is not guaranteed, the maximum will be stated at fund level in their respective Fund Summary and Product Highlights Sheet. This fee will not be deducted from your policy via cancellation of units.

4.6 Surrender Charge

There is no surrender charge imposed. If you surrender your policy partly or fully, the cash-in value will be paid to you from the policy value less any fees and charges we may take.

4.7 Other Charges

We will take from the sub-funds all direct expenses relating to buying, selling and valuing the investments of the sub-funds.

5 SUBSCRIPTION OF UNITS

5.1 Policy Account

Your WealthLink policy will have a Policy Account. All premiums invested will credit into this account. Similarly, all withdrawals and expenses deducted will debit from this account.

The balance of the monies in this account will be used to purchase units in the sub-funds selected for investment. Units are purchased at the prevailing bid price of each sub-fund.

5.2 Premium Limits

You may invest any premiums amounts, starting from the following minimum levels:

Single Premium at Inception	:	\$10,000
Regular Single Premium Top ups	:	\$2,500 per top up (available monthly, quarterly, half-yearly or annually)
Ad hoc Single Premium Top ups	:	\$2,500 per top up

As you may choose to invest in more than one sub-fund under WealthLink, you may also note that premium amounts invested into each selected sub-fund must not be lower than the amounts set out below:

Single Premium at Inception	:	\$2,500
Regular Single Premium Top ups	:	\$1,000 per top up (available monthly, quarterly, half-yearly or annually)
Ad hoc Single Premium Top ups	:	\$1,000 per top up

Depending on circumstances, these minimum premium amounts described may be revised in the future.

5.3 Pricing of Units and Dealing Deadline

All ILP sub-funds are valued daily on a bid price basis. All transactions are based on forward pricing. The prices are updated on the website of Income on each business day. The transaction submitted must come with complete instructions.

For cash policy, all transactions submitted and premiums received by us by 3pm (Singapore time) each day will be executed based on the unit prices of the same business day. For transactions submitted and premiums received by us after 3pm (Singapore time) each day or transactions submitted on a non-business day (i.e. Saturday, Sunday or public holiday), the execution will be based on the unit prices valued for the following business day.

For SRS policy, all transactions submitted and received by us by 3pm (Singapore time) each day will be executed based on the unit prices of the same business day. For transactions submitted and received by us after 3pm (Singapore time) each day or transactions submitted on a non-business day (i.e. Saturday, Sunday or public holiday), the execution will be based on the unit prices valued for the following business day.

We may change the 3pm cut-off point at any time by giving you notice.

5.4 Investment of Units

Units are invested based on the formula below:

Example - For Single Premium of \$1,000, invested fully in one ILP sub-fund,

(1)	(2)	(3) = (1) x [100% - (2)]	(4)	5 = (3) ÷ (4)
Single Premium	Premium Charge	Amount Invested	Bid Price	No. of Units
\$1,000	3.5%	\$965	\$1.00	965

The number of units purchase with each premium payment depends on the premium charge and bid price.

6 REDEMPTION OF UNITS

6.1 Full Surrender and Partial Withdrawals

You may redeem your investments under WealthLink anytime through full surrender or partial withdrawals. This takes places through redeeming your units under your Policy Account. The value of the units redeemed will be calculated at the bid price based on the date where the request for redemption was received by Income.

The cash-in value of the policy is payable upon full surrender with no surrender charge. The policy terminates upon full surrender of the policy.

Partial withdrawals have the effect of reducing the protection benefits and sub-fund value of your policy. The minimum partial withdrawal amount is \$500 each time. There is no limit to the amount of partial withdrawals you may make. However, you need to hold a minimum value of units worth \$1,750 under each selected sub-fund or \$3,500 in aggregate (across all sub-funds) under your policy.

Example for both full surrender and partial withdrawals

(1)	(2)	(3) = (1) x (2)
No. of Units to Surrender	Bid Price	Policy Value
1,000	\$1.50	\$1,500

6.2 Pricing Procedure and Dealing Deadline

Redemption and subscription of units follow the same forward pricing procedure and dealing deadline. You may refer to Section 5 "Subscription of Units" for more information.

You will receive your payment within 7 business days from the receipt of the completed request.

In the event of significant changes to the market, we reserve the right to delay the computation of prices for up to 30 business days, from the date of receipt of a written notice requesting for surrender. The surrender payment will only be made on the day after the bid price is computed.

7 SUSPENSION OF DEALINGS

We may suspend all transactions on a sub-fund. Transactions include new applications to the sub-fund, top-ups, switching, and cashing-in. We reserve the right to delay the computation of prices for up to 30 business days, from the date of receipt of a written notice requesting for such transactions. We may do this in the interest of investors and in exceptional circumstances. Reasons for suspending transactions usually fall into these few broad categories:

- i. Natural disasters, market closures, or the introduction of new exchange controls or laws in countries in which a sub-fund has considerable investments, making valuation impossible or difficult.
- ii. Liquidity issues, when a very large number of investors unexpectedly want to cash in their units at the same time or when asset values fall sharply and trading in the capital markets dries up, so assets cannot be sold to meet payouts (for example, during the 2008/2009 credit crisis).
- iii. When one of the main organisations involved in operating the sub-fund closes down, the sub-fund may then suspend temporarily until a new organisation takes over.
- iv. When sub-funds are being wound up or merged with another sub-fund.

In exceptional circumstances, if we believe it is in the best interests of all the investors in the sub-fund, we may create new sub-funds, or close or merge the sub-funds by giving you notice. If we close any sub-fund, unless you tell us otherwise in writing, we will reinvest the cash-in value in any of our sub-funds which have investment aims similar to the sub-funds which have been closed.

We will decide on how to manage the sub-funds and choose the investments of the sub-funds and the fund managers. We may change the investment aims, focus and approach, and fund managers of any sub-funds by giving you notice.

16 OTHER IMPORTANT INFORMATION

16.1 Review of Charges and Practices

From time to time, we may review policy and sub-fund charges under WealthLink, as well as practices pertaining to the pricing, subscription, redemption and switching of units outlined in this product summary. Circumstances may change in the future, which could require us to revise our charges or practices as described in this product summary. Should any changes or revisions take place, we will communicate them to you and give you sufficient notice before these changes or revisions take effect.

16.2 Declaration and Reinvesting of Distributions

We may declare distributions for certain sub-funds which have a distribution option. The distribution amount will depend on the number of units you hold in these sub-funds on the date we declare the distribution. We set out the dates of when we announce, declare and pay out the distributions in the Semi Annual Fund Report and the Annual Fund Report or its equivalent. The return on the ILP sub-funds is calculated on the assumption that all dividends and distributions are reinvested, taking into account all charges which would have been payable upon such reinvestment. Distributions are not guaranteed. We may or may not pay a distribution every year.

The default option is to reinvest the distribution from these sub-funds. You can write to inform us at least 30 days before the declaration date set out in the Semi Annual Fund Report or the Annual Fund Report, or its equivalent if you want to receive the distribution as a payout instead. The following conditions must be met for distribution to be paid out:

1. The distribution amount from the sub-fund is at least S\$50.
2. The sub-funds are not bought under Central Provident Fund Investment Scheme or Supplementary Retirement Scheme.

We will then follow this same choice for the later distributions of that sub-fund, unless you tell us your new choice at least 30 days before the next declaration date set out in the Semi Annual Fund Report or the Annual Fund Report, or its equivalent.

17. Policy Owners' Protection Scheme

This policy is protected under the Policy Owners' Protection Scheme which is administered by the Singapore Deposit Insurance Corporation (SDIC). Coverage for your policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact Income or visit the GIA/LIA or SDIC web-sites (www.gia.org.sg or www.lia.org.sg or www.sdic.org.sg).
